

V-100 Series Mini Vortex Mixer

- Variable speed up to 4500 rpm is suitable for most lab applications
- Compact size is perfect for individual work stations
- Activated by touch for quick and effective mixing
- Designed to prevent any “walking” issues
- Powerful brushless DC motor for maintenance-free operation
- 3-year warranty

V-100 Series Mini Vortex Mixer

The V-100 mini vortex mixer provides rapid mixing of samples contained in vials, test tubes, small flasks, and bottles. Unit starts automatically when the rubber cup is depressed and stops once the vessel is removed. Variable speed up to 4500 rpm is ideal for resuspension of cells and pellets.

Heavy die-cast construction, suction cup feet, and a sophisticated counterbalance system help to keep mixer in place during use—preventing any “walking” issues so often associated with budget vortex mixers.

Specifications

Model no.	V-100
Speed range	2500 to 4500 rpm
Touch operation	Yes
Continuous operation	No
Orbit diameter	0.45 cm (0.17 in)
Tube diameter	Up to 3 cm (1.18 in)
Dimensions (W x H x D)	10 x 6.7 x 10 cm (3.9 x 2.6 x 3.9 in)
Electrical supply	100 to 240 VAC, 50/60 Hz, 15 W
IP rating	IP43
Warranty	3 years
